has successfully completed the online Specialization

Productivity Mastery: Goals, AI & Notion Systems

This Specialization is intended for busy professionals, creatives, and entrepreneurs seeking to develop practical productivity systems using AI and Notion. Through three courses taught by Simon from Better Creating, Sina Port, and Krista Lamen, you will cover goal-setting, workflow design, AI automation, and database building, which will prepare you to streamline your work, reduce overwhelm, and manage your time more effectively.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
