Abhay Gupta, Co-Founder, Board Infinity

Adham Medhat Elsaied

has successfully completed the online Specialization

Learning MEAN Stack by Building Real world Application

Learners have gained the skills and knowledge needed to build real-world web applications using the MEAN stack. They will be able to create scalable, high-performance web applications that can handle large amounts of traffic and complex data.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
